PROJECT TITLE:-

BUGATTI WEBSITE UI REDESIGN

SUBTITLE:-

A MODERN SUPERCAR-INSPIRED USER INTERFACE

Presented by **Code Warriors**

Project Overview

- This project focuses on redesigning the Bugatti website user interface
- The goal is to create a modern, luxury, and high-performance look
- Animations inspired by various supercar websites were studied and merged
- The design emphasizes visual impact and user engagement

PROBLEM STATEMENT

- Many existing car websites feel static and less interactive
- Supercars like Bugatti require a premium and immersive digital experience
- Lack of smooth animations reduces user engagementet,

PROJECT OBJECTIVES

- To redesign the Bugatti website with a modern UI
- To integrate supercar-style animations into the interface
- To enhance user experience and visual appeal
- To maintain Bugatti’s luxury brand identity

DESIGN INSPIRATION

- Bugatti official website
- Supercar brands such as Lamborghini, Ferrari, and McLaren
- High-end car launch animations
- Minimalistic and luxury UI design trends

KEY UI FEATURES

- Smooth scrolling and transition animations
- High-quality car visuals and motion effects
- Luxury color palette (dark theme with accent colors)
- Clean and modern typography
- Fully responsive layout

TOOLS & TECHNOLOGIES USED

- HTML, CSS, and JavaScript
- Animation techniques (CSS / JavaScript-based)
- Figma / Adobe XD for UI design
- Visual Studio Code

USER EXPERIENCE ENHANCEMENTS

- Improved navigation flow
- Engaging animations without overwhelming users
- Better content structure and readability
- Faster and smoother interactions

CHALLENGES FACED

- Merging animations from multiple supercar inspirations
- Maintaining performance while using animations
- Preserving Bugatti’s premium branding

CONCLUSION

The redesigned UI delivers a luxury and high-performance feel

Supercar animations enhance user engagement

The project improved our understanding of UI/UX design and web animations

The final result is a modern and immersive Bugatti website experience
